## Tax Rate Set At Same Figure; Council Passes Three to Two

MAJOR JERRY ASHER has returned from active duty in Washington, D.C. with Headquarters, Department of the Army. The assignment to the General Staff is a mobilization designation for the Deputy Chief of Staff for Logistics. He is a graduate of Stanford University, and U.S. Army Logistics Management Center at Ft. Lee, Virginia. His duty post is in the Pentagon Building.

### The Story of Robert Owen

by BILL WARK

Although little known, few tales of our trails tell a greater success story than that of the little colored gentleman who came to our hills in the early days and after whom El Prieto or Dark Canyon is named.

Robert Owen was born a slave in 1806, and the days of his youth were spent tilling the land and harvesting seemingly endless rows of cotton on a bleak Texas plain. Although very tired at the end of each day, Owen spent long hours at night learning to read and write, and his most treasured possession was a small Bible which he always carried in a special pocket close to his heart.

While in his late teens, Owen fell in love and married a gentle girl known only as Winnie who was also a slave, and to them were born two daughters and a son.

Stories of the building of the West where all men were free intrigued him and he made a vow that someday, somehow he would find a way to follow the sun to the land of opportunity.

The Owen family saved every penny they could until at long last they were able to buy Robert's freedom and on a cold November day he kissed his weeping family goodbye, and with a promise to send money back to buy their freedom headed west seeking a new way of life in the golden land beyond the plains.

Robert Owen first entered school.

### Majerus Brothers Form New Building Firm

Sierra Madre residents Donald L. Majerus, 80 N. Laurel, is vice president of a local firm rapidly building up a chain of luxury convalescent hospitals.

The M-Three Corporation, headquartered in Altadena, has just turned over its Park Marino Convalescent Center.

### C. Wertheim To Move To Singapore

A major move is in store for part of the family of Carl B. Wertheim, 518 N. Michillinda because he has just opened the SEA Construction, Ltd., which will be building bulk handling systems for the Economic Development Board of Singapore. Mr. and Mrs. Wertheim already have a home in Singapore, where they will be moving as soon as feasible with Kathleen, 14, Jean, 12, and John, 11, leaving behind Mary, 13, who will attend PCC, and Sandra who will be going into her second year at PC at Santa Barbara.

The Far East will not be a totally new experience for the three younger children who will be attending the American School at Singapore, which is qualified to meet U.S. standards and has an enrollment of about 500 students through high school.

### Rempel Wins Scholarship

Mr. Kenneth L. Rempel of 207 Park Ave. has recently been awarded a full scholarship in the amount of \$395 in a nation-wide art contest sponsored by Art Instruction Schools in Minneapolis, Minnesota.

Mr. Rempel competed with contestants from every state in the Union and Canada, and the scholarship entitles him to a course of professional training in painting and related art.

The "Draw Me" contest entered by Mr. Rempel was sponsored by Art Instruction School, the world's largest home study art school, in their search for talent to meet the nation's growing demand for trained artists.

Mr. Rempel's scholarship offers him an experimental opportunity to develop and cultivate his natural artistic talent to a professional degree of proficiency. Mr. Rempel has already begun his studies with Art Instruction.

### Theme Of Annual Aqua Show Reliving the Old West

The eighth annual Aqua Fair will bring to you the stories of Uncle Josh and his exciting past coming West in the Great Migration.

The show features the water ballet classes portraying the lively and colorful characters of this era. There will be dance hall girls, a traveling covered wagon, Indian braves and maids, (the Indian dancers are representatives of the Ta Tanka tribe of the Order of the Arrow). There will be a group of U.S. Cavalry, a few of the prospectors up from the gold fields, and a variety of comedy routines will be performed by the pool staff. All this and more as Uncle Josh relives for you his wild West adventures.

Uncle Josh will be portrayed by Rick Fessenden.

The rest of the cast includes the following: Julie Embree, Margaret Briggs, Janet McNamara, Sallie Stragnell, Penny Falco, Rof Williams, Heide Rosen, Carl Falco, Neil Skarin, Dave Banis, Mark Brown, Margaret Henderson, Donna Brown, Mary Collins, Eliza-

### Wilson High Transportation Discussed

A group of Sierra Madre parents concerned about transportation to Wilson Junior High School met last week with James Silver, president of the board of education, and Dr. Edward Egly, assistant superintendent for business, Pasadena Unified School System, to discuss alternative plans for transportation of those students who live in the area affected by the cutback in school bus transportation.

The consensus of the group in attendance, representative geographically of the area of Sierra Madre affected, was to make arrangements for bus transportation to be paid for by the parents, but leaving the choice of using the bus or other means up to the individual families.

It is estimated that a minimum of 150 students at a cost of approximately \$7 per month for the 10-month school year.

—Please turn to Page 5

### Commission Postponed

Due to more important business at hand, vacations, and Commissioners out of town on business, the regular meeting of the Planning Commission for August 18 was postponed due to a lack of a quorum.

The commissioners that were present included Commissioners Hartman, Berkshire and Howell along with Councilman King and Acting City Administrator Larry Adams.

The Planning Commission will now meet in postponed session on Thursday evening, August 25, at the hour of 8 p.m. when all items on the agenda will be current as of August 18.

### Court Action To Be Held Sept. 29

The citation of the Sierra Madre Estates into Municipal Court for the violation of certain ordinances regarding a sign and trailer on the subdivision was brought before Judge Fletcher Thursday, August 18.

Scheduled for 2 p.m. certain delays brought the matter before the Court at approximately 4:15. The defendants claiming that the case had been pre-judged asked for a change of Judgeship. Judge Fletcher then dismissed John Cromling from the action as a defendant and set the trial for September 29, at 10 a.m.

Mayor Parks, Acting City Administrator Adams, City Attorney Martin represented the City in the action against Henry Nuetzel, James Reames and Frank Arclero of Sierra Madre Estates.

### Kentucky Fried Chicken In Sierra Madre

Another new building is expected to be erected on Sierra Madre Blvd. at Lima. Property there owned by William Stoddard, 145 E. Montecito, president of Sierra Madre Machine Co., has been sold and placed in escrow as of Monday, August 22.

Subject to the meeting of various contingencies which are part of the sale negotiation, it is expected that the new owner, represented by James A. Collin, will construct a new building at the boulevard front of the lot, after razing the existing service station, from which will be conducted a take-out franchise food business.

The large building at the rear of the lot will be retained, according to present plans, and utilized as a warehouse for other Kentucky Fried Chicken outlets.

### Sewer Petition Accepted Procedure Ordered Started

#### City Put 'On the Spot' Concerning Jail; Must Show Intention Soon

Many consumed hours and a hard fought battle ended Tuesday night at the regular Council meeting when the City Council set the amount of money needed from the

Taxpayers at \$359,566 and then set the tax rate for the coming year at \$1.552 per \$100 valuation to raise the necessary monies.

Although the Tax levy is the same as the 1965-66 year, due to lessening of the anticipated revenues and the increased valuation the same tax rate will bring in \$15,126 more in tax revenue than the previous year.

Councilman Maddox and Councilman Wagner fought hard to present the taxpayers with a reduced tax rate, spending over 1000 hours of extra time in accumulating the facts and figures. It was their opinion that they wanted to keep faith with the taxpayer and give them a tax decrease regardless of its size, and at the end showed a tendency to "yes" vote to a tax rate of \$1.542, which to the average homeowner in Sierra Madre would have meant a reduction of approximately 50 cents on a home valued at \$20,000.

Councilman Sorenson, Mayor Frank Parks and Vice-Mayor King felt that it was unwise to cut the tax rate this year and reduce balances in face of the many expenditures forthcoming and then have a much greater increase for the next year, hence the Resolutions of the amounts of money needed and the tax levy were approved by the Council by a vote of 3 to 2.

#### Last Minute

At the last minute Councilman Wagner requested a fifty minute recess to study figures and when he returned to the Chambers asked that the retirement fund be cut \$3400; the Parks and Recreation be given an additional \$1600. That the Bonds and indebtedness levy be cut .002. That the purchase of the Water Tuck, if found to be necessary, would be purchased at a price of \$6,750 out of the Contingency Fund, and that the General Fund be cut to 98 cents which, if concurred in by the council, would effect a one cent tax levy reduction. All matters were accepted by the Council except the General Fund cut, which was returned to 99 cents and the levy set by a 3-2 vote which reduced the 3-2 vote which reduced the anticipated \$1,572. Resolutions so passed will be published complete in the next issue of the Sierra Madre News.

#### Sub-standard Structures The five sub-standard

### Fire Prevention Thinking Does Pay!

#### We Live Beside 1500 Gals. Of High Test Gasoline

by Gordon Baker Lloyd

Last week in the Sierra Madre News you saw the big ad talking about our most dangerous "enemy," fire. Do you know what the three causes of fire are? They are, in order of importance, people, people, people.

One acre of blazing land in back of us on the hills is equivalent to 1500 gallons of high test gasoline and when that goes up it can reach some 1800 degrees of temperature — and these fire storms you would never forget if you were in one or saw one. Would you like to live near an open tank of 1500 gallons of high test gasoline? Well, many of you do and yet do nothing about fire prevention — even if it means cutting out 30 feet of area around your home.

Speaking of prevention. One fire extinguisher could have saved one late model station wagon and all of its luggage contents last week on the free way. In the open

Fire prevention — easy to say, but are you doing it?

Marshal Embree, recently was voted down the extra help he needed, and obviously done without too.

—Please turn to Page 7

### Marijane Allen Given Honor

Chancellor William P. Tolley of Syracuse University, this week announced the appointment of seven new faculty members to the English department which included a former Sierra Madrean.

Marijane L. Allen, a lecturer who will teach Anglo-Saxon and Middle English. Mrs. Allen did her undergraduate work at the University of California and received her master's degree from Stanford University. She is completing work for her Ph.D. at Stanford where she has been a teaching assistant since 1963. She is the daughter of Mr. and Mrs. Donny Remington Stone of 321 E. Grand View Ave., Sierra Madre.

### Introducing Bob Clark; Captain of Fire Department

BOBBY CLARK  
... Captain in Charge of Engineers

Cornier an old-time regular on the Sierra Madre Volunteer Fire Department and you've got a study in reticence, and Bobby Clark is no exception. "You couldn't give me the Fire Chief's job," he says. And, as brother-in-law of celebrated hiker Bill Wark, he states flatly, "You couldn't get me to walk a block." Doesn't sound very energetic.

But then you learn that as a Captain with 25 years experience on the team he is in charge of the engineers who supply water and pressure and check equipment and safety. You find that he's a member of the Elks, the Chamber of Commerce, the Knights of Columbus; that he hung around the fire engines as a kid, was the one who painted "Old Snort," that he helped to repair toys for the department's Christmas distribution even before he was a member of the department, and you conclude that he has put in more than a small amount of action in

his time. You also understand why he says the department could use some strong younger men.

Bob Clark has had his own business for twenty years, first at the Central Garage across from Kersting Court, and then up at Auburn where he has Clark's Paint and Body Shop. As the closest man to the fire station he is apt to be the first one to answer a call, though it used to be a race with an older timer who manned

### New St. Rita's Church Plans Submitted

Biggest news of the week in the growth of Sierra Madre as a beautiful city and an occasion for special celebration to many is the word that the plans for the new St. Rita's church have been submitted to City's building inspector who set a valuation of \$400,000.

The building, designed by architect John Gougoune of this city, is to be contemporary Spanish, and is expected to be an important architectural addition to the city. Plans were thoroughly checked and approved by the Archdiocese some months ago, at which time sketches and a story appeared in this paper. Engineering approval is a necessary preliminary before arrangements can be made to proceed with building, but this approval is expected to be prompt.

The convent for the nuns who teach at St. Rita's School was also designed by John Gougoune in a similar style of understated modern with a Spanish flavor which blends harmoniously with neighboring residences.

### Sierra Madrean Files For Board

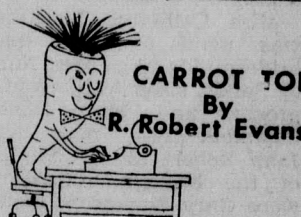

THOMAS W. ELLIOTT

Thomas W. Elliott has filed a declaration of candidacy to represent Sierra Madre and Hastings Ranch as Area No. 2 trustee of the new Greater Pasadena Junior College District. The election of seven trustees, one from each area, will take place at the November 9 general election.

Mr. Elliott is a graduate of the University of Georgia, having received a bachelor of science degree in business administration and has done graduate work in industrial management at the University of Denver and at the University of California at Los Angeles.

Mr. Elliott feels his wealth of experience in financial and personnel matters would be of great value to the college district and board of trustees in planning proper expenditure of available funds and in

CARROT TOP  
By R. Robert Evans

We, and I use the term very loosely, having captured and killed our fifth rattlesnake, brought forth a very curious question from wife Peggy.

—CT—

Seems she had been doing some serious reading in the big book about snakes, and she realized that rattlesnake venom was used for other things other than what mother nature intended the rattlesnake to use it for, so she asked, "How do they obtain rattlesnake venom?" My answer was, of course, "They milk them."

—CT—

This brought forth nothing but silence from Peggy for quite some time, then she stated, "Gee they must use a very low stool." Brother that's not for me, low stool, high stool, I'd never be able to hold the bucket still, let alone sitting on the stool.

—CT—

Speaking of "wild life" and wild things, reminds me of the hunter who climbed into a tree so that no one would take him for a deer, and it worked. He was shot for a bear.

—CT—

We give our wholehearted wishes for success to Larry Adams in his appointment as Acting City Administrator. Personally, I do not know of a hotter spot for a man to centralize his activities, unless it would be editor of a newspaper. But Larry's a good man, fully capable of handling the various facets of the office. His resume is very impressive, and should put him up among the few for consideration of the job as a permanent appointment. Like you, we will be watching his actions.

—CT—

In this town, you can oversleep some morning, and find that the whole situation has changed. Take for instance the number to call in case of fire. The correct number is 355-1401. We had it in the paper a couple of weeks ago 355-1232. Now this number was right, and it would still get you the right party, however it has been changed to 355-1401, so the number on your telephone is correct.

—CT—

Talking to Secretary of the Chamber of Commerce, Doty Underwood, the other day and she remarked what a wonderful thing it would be if the Chamber could install "The Sierra Madre Chamber of Commerce Welcomes you" signs at every entrance to the city.

—CT—

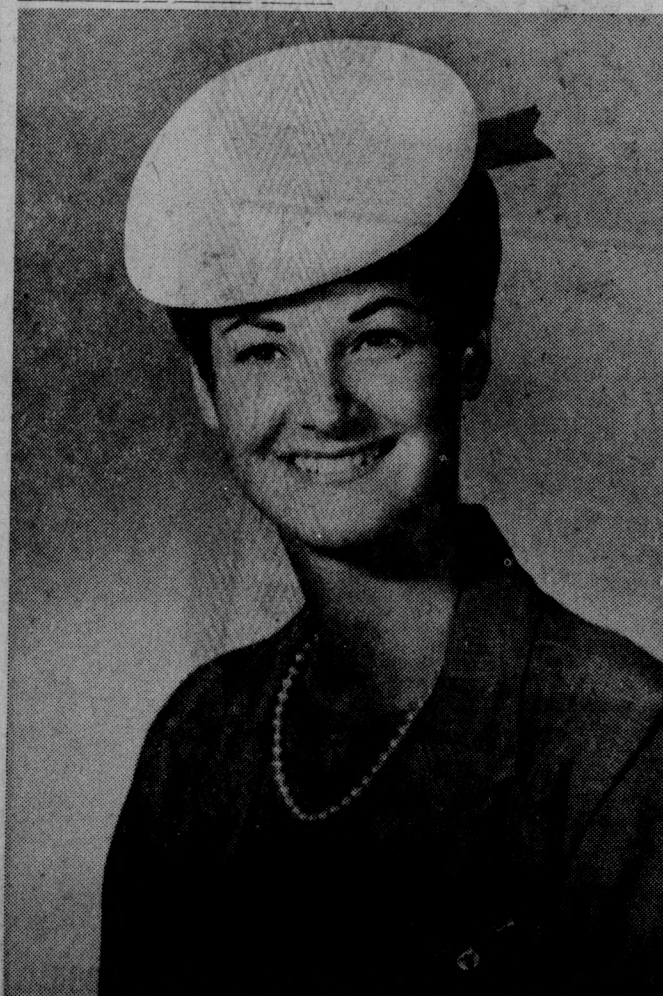

Personally I think it is a wonderful idea, only I can better it a little. Why not a sign that will do double purpose? For instance: The Sierra Madre Chamber of Commerce and its 12,000 Citizens Welcome You

# Miss Karen Sue Simonson Becomes Bride Of Stephen Thomas Blume

MRS. STEPHEN THOMAS BLUME  
... nee Miss Karen Sue Simonson

Miss Karen Sue Simonson, daughter of Mr. and Mrs. Norman Simonson of Pasadena, and Stephen Thomas Blume, son of Mr. and Mrs. Carl W. Blume of Studio City, were married in Hill Avenue Grace Lutheran Church, Pasadena, and are now honeymooning at Carmel By the Sea.

A reception was held at the church immediately following the evening wedding ceremony, which was conducted by the minister of the church, Pastor Amon Johnson, Jr. Soloists were Marilyn and James Bessey and organist Mrs. Vivian Huss.

Miss Catherine Lundring was maid of honor and bridesmaids were Mrs. Nancy Sands, sister of the bridegroom, and Miss Nancy Coleman. Best man was John Robert Blume, brother of the bridegroom. Ushers were Gary Simonson, brother of the bride; Charles E. Sands, brother-in-law of the bridegroom; Richard Moore and Robert King. Ring bearer was Charles Henry (Chip) Sands, 4½, nephew of the bridegroom, and the flower girl was Heidi Smith, 6. The bride was flower girl at the wedding of Heidi

Smith's parents in 1955.

The bride wore a white silk organza gown with "A" line skirt. It had a sabrina neckline and re-embroidered lace panel, with the same lace dropping down the sides and encircling the chapel train. She held a white Bible that had been carried by her mother at her wedding.

The bridesmaids wore semi-empire gowns of yellow organza with band and bow around the bottom of the skirt. Each gown had a square neckline with a collar of Vinnese lace forming a deep V in the back.

The bride is a graduate of Pasadena High School and graduated from Pasadena City College in June, 1966. The bridegroom is a graduate of Hollywood High School, and took his undergraduate work at the University of Southern California during which time he was a member of Beta Theta Pi fraternity.

Next September he will begin his senior year at the University of Southern California School of Dentistry. Upon his graduation next June, he will enter the Navy as a lieutenant and a dentist.

## Dinner Dance To Be Held September 17

Exotic blossoms flown in from Hawaii for the occasion will transform the William Farrar Gardens, 1311 Rodeo Road, Arcadia, into a veritable South Sea's Paradise for the annual dinner dance of the Arcadia Republican Women's Club on September 17.

Professional hula dancers and a "fun audience participation" interlude plus dancing under the stars to the incompable music of the Warren Barker Orchestra will whet the appetites of the guests for the Polynesian food served by "Hawaiian Abe."

Cocktails at seven will be followed by "dinner at eight," served poolside.

Barker, prominent Southland musician, is the well known composer, arranger for such artists as Doris Day and for providing the background music for the "Be-witched" television series. Currently he is working on the Tammy Grimes Television show.

According to Mrs. R. R. Poppa, club president, their will be an awarding of a luxurious mink jacket. In addition there will be a five inch portable television set given away and a jeweled sweater. Winners need not be present according to Mrs. Poppa.

Mrs. Arden E. Stevens and Mrs. Davis S. Spencer, co-chairmen of the party, are being assisted by Mrs. Elmer L. Steinkuhler, decorations; Mrs. H. B. Garretson, invitations; Mrs. H. R. Sawtelle, publicity; and Mrs. Stanton Gayle and Mrs. M. L. McCord, arrangements.

Mrs. T. R. Baurele is acting as committee secretary.

Mrs. C. O. Porter, 1212 N. Santa Anita Ave., 447-5418 is in charge of reservations. Mrs. Porter is also in charge of the sale of tickets for awarding of prizes.

Mayor Frank Parks may be difficult to reach by phone during the next couple of weeks because he will be commuting to the house at Balboa which the family has rented for a beach vacation.

Support You Hometown Newspaper and keep your Community Alive.

## Marie Gerhardt Becomes Bride of James B. Lester

Miss Marie Gerhardt of Los Angeles, daughter of M/Sgt and Mrs. Richard Gerhardt of Fairborn, Ohio, and James Burton Lester Jr., son of Mr. and Mrs. James Burton Lester of Pasadena, were married Saturday, August 20, at All Saints Episcopal Church in Pasadena.

The Rev. Terence Lyneberg conducted the ceremony which was followed by a luncheon in the San Marino Room at the Huntington Sheraton for 50 guests.

Mrs. Melvin Hernandez was matron of honor and bridesmaids were Miss Brooks Lester, sister of the bridegroom, and Miss Pamela Steinwert, cousin of the bride. William Bernadotte Lester, brother of the bridegroom was best man and ushers were Melvin Hernandez, Timothy Strate, and Fred Harris.

Given in marriage by her father, the bride wore a floor-length semi-formal organza gown and a shoulder length veil. She carried a bouquet of butterflies and stephanotis. Her attendants wore street-length wheat colored dresses of raw silk, and bows with short veils. They carried yellow carnations.

The bride attended Radford High School in Honolulu and Woodbury College in Los Angeles. She is now working. The bridegroom attended Ascension Parish paratory School in North Hollywood, and John Muir High School. He is presently a student at Woodbury College.

Following their wedding trip to Northern California, the couple will make their home in Glendale after Labor Day.

While waiting for a bus I overheard a couple of people talking about Birnbo, teen elephant now trumpeting the Ice House and totting its patrons for a brief ride; seems the young pachyderm goes to a water faucet, turns it on and fills its truck when thirsty. The talkers shook their heads and marveled. What else? The Ice House is informal, isn't it? And cool?

Be not alarmed at a new face at the C of C office next week: Mrs. Mary Slight will be filling in for Dottie Underwood while Dottie takes a well-earned vacation up Santa Paula and Santa Barbara way, accompanied by her friend Mrs. Jane Woehler from Monrovia. Thing I sympathize with is Dottie trying to decide which to take of that endless wardrobe of darling dresses she whisks around town in her pet way.

## August Marriage Vows Recited By Greger - Morin In Santa Barbara

MR. and MRS. JAMES GUNNAR MORIN  
... nee Miss Marilyn Jane Greger

Miss Marilyn Jane Greger, daughter of Mr. and Mrs. Henry E. Greger of Sierra Madre was married Saturday, August 13 at 4 p.m. to James Gunnar Morin, son of Mr. and Mrs. Gunnar Morin of Monterey. The Rev. Keith Hood of Grace Church, Santa Barbara, conducted the ceremony at the Bethany Church of Sierra Madre.

The couple said their vows under an arch decorated with ferns and daisies. Ribbons led to either side to three topary trees also decorated with daisies.

Marilyn Richter was the organist and soloist Jan Dingman sang "Entreat Me Not To Leave Thee," and "At Thine Alter." Following the ceremony a reception was held on the church patio for some two hundred guests.

Miss Gwen Greger, sister of the bride was maid of honor and bridesmaids were Miss Patty Sanders, Miss Edith Kelly, and Miss Jill Johnson. Miss Sally Greger, also a sister of the bride was a junior bridesmaid and Miss Cindy Jones was flower girl. David L. Morin of Minnesota, brother of the bridegroom was the best man and ushers were Gordon Greger, brother of the bride, Jim Jordan, Eric Hochberg, and Randy Riggs.

Given in marriage by her father the bride wore a floor-length gown of white linen with a detachable train. Cotton lace medallions were placed on the dress and train adding a scalloped effect. The shoulder length veil was of white tulle. The dress and train were designed and made by the bride. She carried a bouquet of white orchids and stephanotis. Her attendants all wore sleeveless floor-length gowns of pale yellow linen with bell skirts. The maid of honor carried yellow

## Cynthia Matthews Univ. of Oregon Summer Graduate

Summer commencement exercises will be held Saturday, August 13, for some 920 candidates for degrees from the University of Oregon.

Dr. O. Meredith Wilson, former president of the University of Oregon, will give the commencement address during the 10 a.m. ceremony in the School of Music's outdoor amphitheatre, or the ballroom of the Erb Memorial Union in the event of rain.

Dr. Wilson is now president of the University of Minnesota.

Degree candidates include 362 candidates for baccalaureate degrees, 476 for master's degrees, and 91 for doctoral degrees.

President Arthur S. Fleming will confer degrees on those who have completed all requirements for the several degrees.

Candidates from Sierra Madre include: Cynthia Belle Matthews, bachelor of arts in English, daughter of Mrs. Mary D. Tumilty, 185 N. Mt. Trail.

## You and Your Neighbors

by Mary-Madeleine Lemphier

If you should see a Canadian poster up at Gem Plumbing or hear a change of accent there, seems the Gordon Caldwell's were so overwhelmed by the tales of the Hal Jordan's vacation up north that they set out on the same route with their family, Judy, Terry, Connie and Jerry. There's so much to see and do that they'll probably have different stories to tell, though. Hal and his wife Nita, with son Rick, 17 and daughter Robyn, 12, went to Victoria, Vancouver, back down through eastern Oregon, traveling in their new camper, with Rick's new motorcycle along, which he occasionally put on the road and rode. They had superb weather, except for a spot of rain first night when they were visiting Mrs. Jordan's brother Bob Spencer in San Jose. Hal got in some deep

## Patricia Lynn Walsh and John Edward Grisinger Exchange Nuptial Vows

MRS. JOHN EDWARD GRISINGER  
... nee Miss Patricia Lynn Walsh

Miss Patricia Lynn Walsh of South Pasadena, daughter of Mr. and Mrs. Edward C. Walsh of San Gabriel was given in marriage by her father, Saturday, August 20 at noon, to John Edward Grisinger of Los Angeles, son of Mr. and Mrs. Edward Grisinger of Long Beach. Father William King, C.M.F., a family friend, officiated at the ceremony at the Santa Barbara Mission.

Miss Ellen Walsh, sister of the bride was maid of honor and the bridesmaid was Miss Linda Grisinger, sister of the bridegroom. Miss Mary Ellen Walsh, also a sister of the bride was a junior bridesmaid. Harvey Gurman was the best man and ushers were Bob Gutz and Jim Muszalski.

The bride wore a street length white A-line coat of heavy Swiss lace with long sleeves and a jewel collar over an A-line white linen sheath. Her veil was a mantilla of silk illusion and matching lace, set on a lace crown. She carried her maternal grandmother's lace wedding handkerchief and a bouquet of white roses and baby breath.

The bridesmaids wore light blue short linen princess style dresses and matching blue mantillas. They carried bouquets of three large gladioli. The junior bridesmaid wore a light blue linen A-line dress with matching blue linen lace cap. She carried a bouquet of gladioli buds.

The mother of the bride wore a shocking pink silk dress with matching hat and white accessories and the mother of the bridegroom wore a yellow linen suit-dress with matching accessories.

The reception following the ceremony was held at the El Encanto Hotel in Santa Barbara for some 50 people. The wedding cake was topped with the decoration used on the wedding cake of the bride's grandmother over 50 years ago, a small sterling bell enclosed by a larger white lace bell.

The bride attended San Gabriel Mission High School and California State College at Los Angeles. The bridegroom attended Long

Beach Poly, Long Beach City College, and is a graduate of the University of California at Berkeley.

The couple will make their home in South Pasadena.

## Robert Elliott Earns Doctorate At U. S. C.

Robert Thomas Elliott of 839 Woodland Drive, Sierra Madre, has earned the degree of doctor of education at the University of Southern California.

Dr. Elliott is a consultant in the education of the educationally handicapped for the California State Department of Education.

He took his bachelor's and master's degree at Sacramento State College.

From 1957 to 1959, Dr. Elliott served as supervisor of child welfare and attendance, Washington Unified School District, West Sacramento, and was a psychologist, School for Cerebral Palsied Children for two years. From 1964 through 1966, he conducted a private practice of clinical psychology in Glendale.

Dr. Elliott's dissertation was entitled "Concept Formation Ability of Brain-Injured Children of Normal Intelligence."

Members of Dr. Elliott's USC dissertation committee were Dr. C. Edward Meyers, professor of educational psychology; Dr. Robert B. McIntyre, associate professor of education; and Dr. Calvin Nelson, associate professor of education.

Quite a three day female tea party took place at Del Mar recently, when Peggy de Palma and her daughter Lisa, and Lois Watts and her daughter Kimberley, visited Pat Starkey and her three, Ruth Ann, Donna and Sandra, ("Lulu"). The Starkey girls are Girl Scouts and Kimberley goes into Brownies, so they had club type things to share. And of course, Pat Starkey is new president and Lois Watts first vice and Peggy de Palma corresponding secretary of the Civic Club, so the adults had much to discuss re plans for the coming year. The Starkeys are renting a house just 10 minutes from the beach, with rolling hills all around, so the small girls had much outdoors. Highlight of the visit was a "trainer tour" given by John Starkey of the race track at Del Mar; the grown-up visitors went out at 5 a.m. to watch how horses train in early morning runs and then were taken through the whole place. The Watts family had already had a week away up at Big Bear with friends from L.A. and needless to say said friends have been so indoctrinated with the charms of Sierra Madre that they are now looking around for a house.

## M. Reich General Chairman Of 22nd Pasadena Art Fair

Our own Mae Reich, whose studio for art classes is on Windsor Lane, and who in private life is Mrs. Sidney W. Reich of 2044 Canyon Road, is not only general chairman of this year's 22nd annual Pasadena Outdoor Art Fair but is also on both the printing and decorating committees and has enlisted her husband's help as publicity chairman. It is her second year as general chairman.

Mrs. Reich expects that exhibits at the fair this year will probably exceed 500, and many of these will be from Sierra Madre artists. Any resident in Pasadena or a contiguous city is eligible to exhibit original work in painting, sculpture or crafts. Fair dates are September 9, 10 and 11, and entertainment is again planned for the occasion.

This year there will be Evelyn LeMone ballet dancers in costumes of various countries carrying out the international theme; Robert Garner, Hollywood basso-baritone will sing four groups of song in French, German, Italian and English; and there will be native dances by Angela Rincon from Columbia and folk dances by the Pasadena Co-op Folk Dancers.

A special project will be the exhibit by invitational sculptors and represented among them will be Paul Randall, Tom Kregel and Howard Whalen all of Sierra Madre. Demonstrations by artists in their individual techniques will be given during the three days of exhibit; there will be a children's section, a long panel and paintings for would-be artists to try their hands, and a special triple portrait painting by three of the invitational artists who will each do his own interpretation of the beauty of Carol Cota, the 1966 Tournament of Roses Queen.

Professional jurors will select the art works to receive awards of cash or purchase from firms in Pasadena and the awards plus ribbons for excellence will be presented at the Winner's Circle, Sunday night, at which time will also be awarded scholarships to a student from from both Pasadena and Muir High Schools.

With the theme of the fair to be The World of Art, committee members have been hard at work creating a huge varicolored globe 10 feet in diameter and decorated in various colors, surmounting an axis which

will be placed in the center of Holly Street. Around and below the globe and on either end along the street will be constructed the "Pavilion of Sculpture," with the large pieces from the invitational sculptors displayed on platforms.

Opening ceremonies will take place at 8 p.m. Friday, September 9. Speakers will include Mayor Boyd Welin; retiring City Manager Elder Gunter; Mr. George Banse, president, Pasadena Chamber of Commerce; and Mr. Henry Kearns, president, Tournament of Roses Association.

## Work Begins On

work has been contributed to the association, such as the hours given to keep its books and maintain correspondence, and the restoring work is not only voluntary but in some cases has cost the donors considerable expense.

A gardener is employed for weekly watering and maintenance of the cemetery, but there is no full time caretaker.

As the water line, 47 years old, now needs replacing, Simpson is hoping that citizens will make donations so that the 500 ft. of 1½ inch pipe required may be obtained soon. The cemetery is a community enterprise, not city-owned.

## Auge

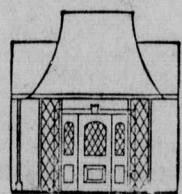

has been with Continetal Hair Fashions for 4 years, and in the Pasadena area for nearly 12 years. The earlier part of his career was spent in New York City and as a color specialist in one of Hollywood's most famous salons.

Auge calls this flattering Parisian interpretation of the shorter silhouette "La Belle." It is cut short at the nape of the neck, and height is built up at the crown to create a mood of dignity and elegance. Because the hair is artfully cut and styled to follow its own inclination, it settles itself with delightful ease into a flattering pattern after each combing. A soft permanent gives body and stability, and delicate frosting is tipped on to bring out charming highlights. This Auge coiffure creates a casually smart image that may be adapted to flatter every age group.

### Lola Bullock Gives Reading

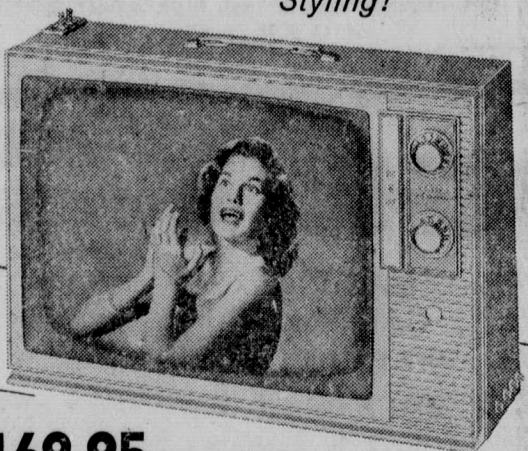

Senior citizens were entertained on Saturday afternoon with a musical program by member Mrs. V. Vian Singleton who played several beautiful piano numbers. President Lola Bullock gave a reading "The Helpful Hand." Community singing followed. Charles Goodfellow was given a hearty welcome after several months of hospitalization. Mr. and Mrs. Martin Olsen are vacationing in the Red-

woods. A letter of greeting was read, from Mrs. Alma Ford of the Minneapolis Senior Citizens, who spent last winter in Sierra Madre. Card games followed the luncheon and program. Recent guests were Mrs. Carfax Moore of Bakersfield, formerly of Sierra Madre, Mrs. Catherine Gentry of Palm Spring, Mrs. Anna Block of Buckeye, Arizona, and Mrs. Hendrika Vanersel and Mrs. Dorothy Crouchley of Sierra Madre.

### Thomas Elliott

identifying and developing necessary administrative and financial systems and controls. He also is particularly interested in seeing that student activities are consistent with the welfare of the entire college and never become a distraction or an impediment to the educational goals of the institution.

Mr. Elliott resides at 668 Canyon Crest Drive in Sierra Madre with his wife, Jacqueline, sons Thomas Jr., age 15; Charles, age 8, and daughter, Tanya, age 12. Keith McKay, also a resident of Sierra Madre and a teacher at John Muir High School in Pasadena filed for the position during the past week. To date this makes a three-way race for the post.

### Kentucky Chicken

in the area, of which the nearest is that on South Baldwin near Huntington Drive in Arcadia. The company now has over 1300 such franchise outlets throughout the United States. The sale was negotiated by R. T. Binkley of the Blake Realty Company at 1006 S. Baldwin in Arcadia.

### Majerus Brothers

a 100-bed facility at Washington Boulevard and Altadena Drive, Altadena, to W & W Hospital Development Corporation for \$1,440,000.

M-Three Corporation is the newest building firm formed by brothers Donald, Herbert E. and Paul R. Majerus, who have previously built Monarch Convalescent Hospital, Monrovia; Heritage Gardens, Loma Linda; Upland Convalescent Hospital, Upland; and Rubidoux Convalescent Hospital, Rubidoux.

The Majerus brothers are planning a major three-story medical center adjoining Park Marino Convalescent Center, which is directly across from St. Luke's Hospital in Altadena.

### Search & Rescue

their long upward climb. Upon reaching the victim they applied first aid and carried him all the way down in a wire basket litter. So difficult was the journey and carrying the load that the men had to trade off every few hundred yards.

Upon reaching the Portals, Donald Colbert of Sierra Madre and Chuck Latham of Montrose noticed a young lady hiker gasping for breath and in pain. With hearts full of pity they gave her oxygen and rushed her to the Southern Inyo County Hospital in Lone Pine where doctors said she would have to rest a couple of days.

Ten tired, Sierra Madre Search and Rescue men reached their homes about 5 a.m. Monday morning.

Mr. and Mrs. Michel Valentine residing at 40 N. Lima St., are announcing the birth of their daughter Leila on Wednesday, August 17 at Sierra Madre Community Hospital. Her birth weight was 9 pounds, 5 ounces. The Valentines have two older children, a daughter named Najla and a son, Michel. This happy family are anticipating a visit in the very near future from Mrs. Valentine's mother, Mrs. Saydeh Haddad who will be arriving from Nazareth, Palestine.

### Wilson High

school year for each student will be needed to make bus transportation economically feasible. If enough parents are interested, arrangements will be made to provide the buses as close as possible to the opening of school on September 12.

Parents who are interested may call the Education Center, 795-6981, Ext. 284, to put their child's name on the list.

Those students living within a 2½-mile radius (as the crow flies) from all junior high schools will no longer be provided bus transportation by the school district, as an economy measure. The action taken by the school board followed a year-long study and survey by the Citizens-Staff Advisory Committee on Transportation. In Sierra Madre, the portion eliminated covers the areas within an arc roughly described from the intersection of Carter and Lima, through the intersections of Baldwin and Grand View, and Holdman and Fane, finally intersecting Orange Grove between Canon and Montevista Lane.

Letters will be sent to parents of children transported last year, specifying eligibility or non-eligibility for school system bus transportation. Other parents may call the office at Wilson Junior High School, 793-8193, for their eligibility. The Sierra Madreans who met at the home of Mrs. Claude H. Brown Jr. were Dr. Bruce Peppin, Mrs. Carl Cheadle, Mrs. William Stone, Mrs. Donald McCormac, Mrs. Lauren Williams, Mrs. Gerald Carlton, Mrs. Charles Forbes, Mr. and Mrs. Richard Hauck, Mrs. Alvin Hackbarth, Mr. and Mrs. Lawrence Bevington and Mr. and Mrs. Donald Colbert.

### Miscellaneous Shower For Linda Sprunger

Linda Sprunger, bride-elect of Wally Clardy, son of the Harold Cladys of Orange Grove Ave. was honored at a miscellaneous shower Saturday, August 14 at the home of Mrs. Jerry Todd, Arcadia. Co-hostess for the shower was Mrs. Todd's mother Mrs. Ted Stetson.

The bride-elect is the daughter of Mr. and Mrs. William Sprunger, 11171 E. Freer St., Temple City. Prior to the honoree opening her gifts two games were played and the winners were Mrs. Harvey Surdam of Whittier and Mrs. George Andrews of Sierra Madre.

The home was decorated in the bride's chosen colors of blue and yellow and wedding bells. The gifts were banked in front of the fireplace with a large bride doll standing guard.

The wedding will be solemnized Wednesday morning, September 7 at the Los Angeles Mormon Temple. In the evening a reception will be held at the home of the bridegroom's parents.

Following the reception the couple will leave for Provo, Utah, where they will continue their studies at Brigham Young University.

The guests were: Mrs. George Andrews, Mrs. Emma Clardy, Mrs. Lydia Clardy, Cahty Clardy, Mrs. Martin Clardy, Kathleen Clardy, Mrs. Leroy Criger, Mrs. Marguerite Lewis, Mrs. Cheryl Morgan, Mrs. Diana Martin, Mrs. William Sprunger, Loren Sprunger, Mrs. Tom Shelley, Mrs. Nan Sutton, Mrs. Harvey Surdam, and Mrs. Ernestine Yeckley.

### Two Graduate From Cal Poly

The president's honor list just released at California State Polytechnic College's campus here recognizes 461 students for academic achievement during the 1965-66 college year.

Only students carrying 12 or more units of course work each quarter are considered for inclusion on the president's list. Students honored must have earned a 3.0 grade point average (B) or better for all courses taken at Cal Poly during the fall, winter, and spring quarters.

Students from Sierra Madre who are included on the Cal Poly honors list are: Philip K. Brown, 441 N. Sunnyside, a major in business administration and Daryl L. Pangborn, 625 Oak Crest Dr., a major in biological sciences.

Mrs. Kenneth Carlson, a Sierra Madrean residing at 70 E. Bonita St., was admitted to Sierra Madre Community Hospital on Wednesday of last week.

A resident of the British Home in Sierra Madre who was admitted to Sierra Madre Community Hospital on Thursday last is Mrs. Meta Graham.

### Tax Rate et At Same Figure

structures up for a hearing, found the Council ordering three demolished, one at 218 Manzanita in four-months; 110 Coburn to be demolished by the city immediately; and 535 Highland to be demolished in 30-days. All charges to be placed as a tax lien against the property, unless otherwise paid. 247 N. Baldwin was given 90-days to bring up to code, and the cesspools at 463 Mariposa to be located and backfilled in 60-days.

**City Jail**  
The customary letter from the Los Angeles County Grand Jury, Frank G. Morales, Jails Committee Chairman was received by Mayor Frank Parks, who presented it to the Council.

This type of letter has been received each year for at least the past ten years, but this year it had added to it the following paragraph:

"To avoid the necessity of further action on this matter by the Grand Jury in conjunction with the Superior Court and County Health Department, it is suggested that existing plans for new facilities or a suitable substitute therefore be adopted as soon as possible. In the event that approval is not obtained, arrangements should be made with the Sheriff of the County to provide for the detention and handling of future prisoners. Please notify the Grand Jury Jails Committee at your earliest convenience as to the steps you intend to take." This matter was then turned over to the Capital Improvements Committee for recommendation within 30-days.

**Tract 26128**  
Tract No. 26128, Richter Brothers Builders on Oak Crest Drive was given approval for a grading permit to cut 410 cubic yards of earth and fill 4,110 cubic yards between the dates of August 15 and November 1.

All provisions having been met and conditions that the storm drains precede the grading and fill, and the final approval of the Final Tract Map. Further on in the meeting the Council approved the sub-dividers using the Floral Debris Basin as a source of securing approximately 1000 cubic yards of fill, which would constitute a savings

to the City of approximately \$4,600 in construction costs of the basin in the near future.

**Appointment**  
Due to the acceptance of the resignation of James Gorham from the Parks and Recreation Commission, Mayor Parks appointed Manuel dela Torre to the Commission and was approved by the Council.

**Sewer Petition**  
A petition for sewers on parts of Hermosa, Manzanita, Lima and Ramona were received by the council, who noted that they were signed by 76.45 per cent of the property owners. The requirement is signatures of 60 per cent, therefore the proper procedures were ordered for their installation.

**Floral Debris Basin**  
As suggested by the City Attorney, Charles J. Martin, all bids on the Floral Debris Basin were rejected on the grounds that the City does not as yet own the area and are in process of purchasing the ground. A ten year lease did not seem substantial for expenditure until owned. The project will be given bids at a later date.

**Long Agenda**  
Due to the length of the agenda, and the pressing matter of the tax levy and budget, the Council decided to allow the balance of the agenda to be held over until the September 13 meeting, and adjourned at 12:35, after five hours in session.

## Building and Sales Down

Building permits for the City of Sierra Madre are down about 1½-million dollars over a year ago, and although it would be almost impossible to definitely ascertain, real estate sales would probably be on about the same basis as figures for Los Angeles County.

Deed recordings in July, 1966 were 10.3 per cent below June 1966 and 27.5 per cent below July, 1965. Trust deed and mortgage recordings for July were 14.1 per cent below June, 1966 and 45.5 per cent below July, 1965. Deeds recorded in 1966 to date were 17.1 per cent below the same period for last year.

## Bethany Church News

A reception will be held at Bethany Church of Sierra Madre Sunday evening, August 28, following the evening service, for Rev. Harold Ankeny and his family. Mr. Ankeny will be honored for his five years of service as Christian Education minister. He recently resigned his post at the church to become director of Christian education and camping for the Southern California Yearly Meeting of Friends.

Pastor Schaper will be preaching at both services of worship for the day, at 10:20 and 7. In the morning his topic will be, "Breakfast with Jesus," and the outdoor service in the evening will be a question period. Dr. Schaper answering various questions presented by the congregation. The church is located at 93 N. Baldwin, Sierra Madre. Pas-

### 'Christ Jesus' Lesson-Sermon

"Christ Jesus" is the subject of this week's Bible Lesson-Sermon to be read at Christian Science church services on Sunday. The Golden Text is a verse for I Thessalonians: "Rejoice evermore. Pray without ceasing. In every thing give thanks: for this is the will of God in Christ Jesus concerning you."

Episodes from each of the four Gospels will be read, covering different aspects of the life of Jesus, accompanied by selections from the denominational textbook, including these lines: "Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage... It was the divine Principle of all real being which he taught and practiced... We must forsake the foundation of material systems, however time-honored, if we would gain the Christ as our only Saviour" ("Science and Health with Key to the Scriptures," by Mary Baker Eddy).

### Sermon-Topic Is Announced By Dr. Barnhart

"Our Measuring Cup" is the sermon topic of Dr. Ethel Barnhart at the Santa Anita Church, 226 W. Colorado Blvd., Arcadia, Sunday morning, August 28, at the 11 o'clock worship service. Dr. Barnhart emphasizes: "God's blessings are always pouring out upon man; he, alone, measures out how much of those blessings he will receive. All are welcome. Infant and child care is provided during the service."

Spiritual education is provided at 11 a.m. for children. Dedicated teachers are in charge of graded classes from kindergarten through eighth grade. All children are welcome. Thursday morning, at 11 o'clock, Dr. Barnhart conducts a class for all women. There is a time of prayer for special requests. A free-will offering is taken.

Enrollments are now being taken for the 1966-67 year at the Santa Anita Church Day School. This non-denominational Christian public day school offers children from kindergarten through eighth grade a unique opportunity of learning how to think and learn based upon the well-established and highly successful Mae Carden System of Comprehension and Learning. For further information call 446-8206.

"Dr. Barnhart concludes with: 'For spiritual help day or night call 447-6162.'"

## Sam Simpson Makes Plea

### Work Begins On Restoring SM Cemetery Headstones

The plea made by Sam Simpson, president of the Sierra Madre Cemetery Association before the Kiwanis Club requesting help in restoring headstones which vandals had disturbed in the cemetery brought forth a Sunday

of all-out work from five Kiwanis members and Bobbie Clark, whose tow truck was used to move some of the heavier pieces back into place. Kiwanis members who participated in the work with Simpson and Clark, were Ron Griffin, Bob Hatfield, David Kirkpatrick, Bill Sullivan and W. A. Warner.

These eight spent an entire Sunday recently in restoring some 32 graves, resetting and re-creating them. September 18 it is hoped that 64 more graves will be restored, but the group urgently requests help from any other volunteers who can lend some time and muscle on that date.

Further plea is extended to all citizens to help the police department police the cemetery to prevent any further vandalism by notifying police if any car drives into the cemetery at night. There has been a look on the gate there but it was stolen and must be replaced.

## C. Werthein

The family lived about four years in Malaysia in 1958-61. In addition to this school and the British Army School at the capitol, Sandra and Mary were at the time sent for a couple of years to Australia to school, so the children have really had a start in international education. Sandra has had considerable study in both French and Russian, so it is possible that she may decide to major in languages.

Mr. Werthein has been a consultant to mining companies overseas and has had a construction company in this country. Mr. and Mrs. Werthein, who will retain their Sierra Madre residence, have recently returned from a combination business and vacation trip which took them via Anchorage, Alaska to Tokyo, Hongkong and Singapore, a trip which extended for six weeks. They were able to be present in Singapore on August 9 for the celebration of Malaya's first year of independence which actually embraced five days, of festivities. They report that the people in the areas of the East which they visited and seem happy and peaceful.

## Vons Mkt. Announce Ticket Price

Officials of Vons and Shopping Bag markets announced this week that special reduced price tickets to the 21st Annual Los Angeles Home Show are now available at the check-out counters at all stores in the chain. A 50 cents saving is provided to holder of these special tickets when presented at the box office of the Pan Pacific Auditorium during any day or evening of the Home Show engagement. The special discount tickets are available only at Vons and Shopping Bag markets, it was announced.

The Home and Decorator's Show is open from 12:30 to 11:30 p.m., including Saturday and Sunday, and Vons and Shopping Bag tickets are good all days and evenings, August 26 through September 5.

The 1966 Home and Decorator's Show is bigger and more beautiful than ever before in the 21-year history of the show. Visitors will see the latest ideas and innovations in home and home decorations, including the Electronic Home of Tomorrow, the "Casa Lindero" Model Home for leisure living, the "Aladdin Home" with the magic kitchen for "Young America," model kitchen displays, a water purifier which promises to remove foreign elements, a microwave oven that prepares a meal in a matter of minutes, an interior designer's salon, an invitational art show which will display works of important Southern California artists and sculptors, the famous "dancing waters" pagoda and many other exciting attractions.

### 1500 Gallons High

much knowledge of what a marshal does! Part of his duties are fire prevention tactics including help in our schools for the youngsters to understand what fire does. He told me a great story, worth repeating. In one of the schools several years ago he was conducting a demonstration of what a grease fire can do in mother's kitchen and this often happens and can to you. He showed the youngsters how to put out a pan fire with a smothering of pan lid, etc.

A mother called a week or so later to thank him for the "class" for a fire had started in a pan in their kitchen and due to the young lad who had seen the fire prevention demonstration, he put out the flame by smothering. Even in our town, fire prevention thinking does pay! And that reminds me, never carry a burning fry pan. Cover it with a lid or blot with your extinguisher. **Never, never, use water!**

A little over 33 per cent of fires start between midnight and six in the morning, and 37 per cent of them start in the living room, 21 per cent in the kitchen. Of these 30 per cent start from heating equipment! And the awful thing 10.5 per cent start with children with matches.

Those of you in the brush areas might try a couple of more plants that are fire resistant to us on your slopes. One is the rosemary either in regular bush form or the prostrate one for bank use. Will stand poor soil, little water when once established, always looks good and blooms all summer. The other is the family of hellanthemums or sun roses. Will try the dry soil and alkaline conditions of banks and even vacant lots.

And speaking of vacant lots, if you have one next to you, be sure the weeds are not up into the fence area, into the shrubs and thick in corners. Hoe these away right now to at least protect your property line and buildings. Often the centers of lots are fairly clean by tractor but the corners get badly neglected. You take care of those and but quick.

On our tour with the folks from my KCBS radio show out of San Francisco, we went into the high desert, staying at Hesperia Inn for four days. I had a chance to take them into the mountain areas to show fire breaks, how they were cared for and a little bit about what I have been writing to you. Again and again we saw "high fire danger" areas. I have never seen the forests so dry and that's our back country too. So, be careful, be careful! Don't enter areas where you're not supposed to go. If you can't think about your own self, think about the other guy — he may love the mountains and his home — and his own area!

**SIERRA MADRE NEWS**  
CITY OF SIERRA MADRE, CALIFORNIA  
NOTICE INVITING BIDS  
For  
FOR CONSTRUCTION OF MASONRY STRUCTURE  
And  
RELOCATION OF STAND-BY GENERATOR  
SIERRA MADRE CITY HALL

The City Clerk of the City of Sierra Madre will receive sealed bids for certain generator relocation and masonry construction work, said work involving relocating the emergency generator from the basement of the City Hall to a structure to be built outside the City Hall. Bids will be received up to the hour of 10:00 a.m., September 5, 1966, at which time they will be publicly opened and read in the Council Chambers of the City Hall, 55 West Sierra Madre Boulevard, Sierra Madre, California. The bids will be presented to the City Council at 8:00 p.m., September 13, 1966. All bidders will be required to make an appointment to inspect the site and review the requirements. All work must be completed within 45 calendar days after execution of the contract by the City.

The proposals will be publicly opened and read in the Council Chambers of the City of Sierra Madre at the time above-mentioned. Plans and Specifications and all contract documents may be obtained at the Sierra Madre City Hall upon payment of a deposit of \$10.00 for each set of specifications and accompanying drawings. Said deposit will be refunded upon return of the specifications and drawings in good condition within 30 days after the proposals are opened. The specification is entitled "SPECIFICATIONS FOR RELOCATION OF STAND-BY GENERATOR - SIERRA MADRE CITY HALL."

Each proposal must be accompanied by a certified or cashier's check or bid bond in the amount of ten percent of the estimated aggregate amount of the bid as a guarantee to the bidder. If an award is made to him in accordance with the terms of his proposal, he will promptly execute a contract in the required form, secure payment of workmen's compensation insurance, and furnish a satisfactory faithful performance bond and a labor and material bond. Each of said bonds shall be in the sum of not less than one hundred percent and fifty percent of the estimated aggregate amount of the payments to be made under the contract, computed on the basis of the price stated in the proposal. In addition to the above and if requested by the City, the bidder shall furnish a financial statement of recent date. Failure to comply with this requirement will render a bid informal and shall be sufficient cause for rejection.

Notice is hereby given bidders that in accordance with the provisions of Section 770 of the Labor Code, the City Council of the City of Sierra Madre has ascertained the prevailing rate of per hour wages for each craft or type of workman or mechanic needed to execute the contract which will be awarded to the successful bidder, to be in accordance with the Southern California Master Labor Agreement for the construction industry. A schedule of said general prevailing wage rates is as follows:

CLASSIFICATION	RATE PER HOUR
<b>CARPENTERS</b>	
Carpenter	\$4.64

## SPORTS AS Hank Ives SEES IT

### ODDS AND ENDS AROUND THE SPORTS

**BEAT - SORRY TO SEE BOBBY BRAGAN** get the hook with the Milwaukee Braves. Bragan has a commodity that the game of baseball needs . . . Color.

**GENE MAUCH AND HARRY WALKER** have both been criticized by their players recently. Both of these gents are high-class individuals with great baseball minds. If they jump on one of their players, rest assured that player is not producing. Isn't that what a manager is supposed to do? He can't go out and hit or pitch, just make sure the players do their job right.

**THE ASTROS** have added a Spanish-radio network that will involve 82 Mexican stations and have a listening audience of 83 million people in Mexico. Now that's progress.

**THE ANGELS AND DODGERS** are both blessed with outstanding managers. Walt Alston keeps the Dodger machine humming, handles the pitchers with excellence, and runs a tight ship. Compare the Dodger lineup with any of the top six or seven in the N.L. and man-for-man they suffer.

The hitting is a weak spot but the hurling and speed makes up for it. Walt would win easily with a slugger of the Hank Aaron, Willie Mays, Ron Santo, Roberto Clemente breed in his daily lineup.

**RIGNEY** is a magician the way he keeps the Angels in tight contention for second place. What looked like a dazzling outfield at the beginning of the campaign is now a hodge-podge, especially since Reichardt's operation. Dean Chance, Fred Newman and Lefty Lopez, the heart of the mound

### Fund Started for New Hosp. Unit By the Auxiliary

The first money for the Sierra Madre Hospital Auxiliary's new project—the Intensive Care Unit Fund—has been received. Profits from a luncheon and card party held recently at the home of Mrs. Jack Tilley, have been used to start the fund.

The purpose of an intensive care unit is to care for the acutely ill patients with the most modern of equipment. It also eliminates the need for private duty nurses. This is the most ambitious project the group, with less than a hundred membership, has undertaken to date. However, with other forthcoming ways and means projects already on the calendar, they are confident of reaching their goal.

The annual rummage sale is planned for November. Mrs. Warren Brown is general chairman and she and her committee are now collecting and sorting rummage. The next event will be on January 6, when the Auxiliary has reserved the first day at the Races for charity events at Santa Anita Racetrack.

Other projects recently completed by the group for the Sierra Madre Hospital have been the surgery improvement fund, the nursery improvement fund and purchase of an isolette unit for the newborn and a Unitray Cart which serves hot food and cold food cold to the patients' bedside.

The Auxiliary also sponsors a training program for their members who give many hours of volunteer service to the hospital, and for the teenage Candy-strippers. Mrs. Herbert G. Hargraves is the Auxiliary president. Mrs. Harry L. Wharton is president-elect and will be installed in September.

staff, have been darned little help at all, and the Cherub infield hardly hits its collective weight. Yet their they are knocking heads with the Tigers, Indians and Twins for second place.

**FAVORITES** have their days at Del Mar. One day last week seven of nine choices came home to the winners circle. The last six in a row were winners and a neat little two buck parlay on the six favorites would have netted over \$2,500.

**THE RAMS** put a lot of emphasis on kicking the ball. Apparently George Allen is not happy with the talents of John Kilgore who booms a long one high and far and then a short one in the flat that can always be returned for lots of yardage.

**OIL PORTRAIT**, a half-sister to Native Diver, finally won a race the other day at Del Mar. This little filly showed a promise race after race but never did see the winner's circle until she turned six furlongs in 1:11.1 to win by six lengths.

**WOULD YOU BELIEVE** that agent by the name of Karl Mildenberger is next on the Cassius Clay "Bum of the Month" club? But the Chualos, London's, Mildenbergers and Listons all together and you just barely have a heavyweight fighter. The sad part of it is that Clay is probably one of the finest boxers to wear the heavy crown since the Joe Louis regime. Forget the personality and All complex. This boy can throw a punch and is plenty quick. Wish he had some competition.

**HOW ABOUT ALVIN DARK** for manager of the year? He has the Athletics winning games and that is something new for the Kansas City franchise.

**LET'S HOPE THAT** the AFL doubleheader in Anaheim goes over big. Jim Hardy is a nice guy and it would be a shame for him to lose his shirt on a venture that was designed to bring professional football to Orange County.

**THE FIRST ANNUAL** San Gabriel Valley High School All-Star Game was a big success. The sponsoring Glendora Rotarians were not only happy with the attendance of 7,500 fans, but how could you ask for a finer inaugural football game? Plenty of offensive show in the 29-26 fireworks that found Tom Hamilton's West event coming out on the long end of the score.

**THIS SHOULD BE** an annual affair that will grow in size. The best prep players in the valley showed the maturity that they had developed since graduation. They played the game hard and more than one college scout was panting with hope that the talented prospects would matriculate at their school.

### Letters To The Editor . . .

Dear Editor:  
There is no such thing as BLACK POWDER. There is only insidious RED power using BLACK POWDER to undermine the dam of freedom and to release the barbaric RED tide of communist tyranny.

—K. FRITZ  
SCHUMACHER

The Dale P. White family have moved into their new home at 3695 Startouch, but since that's barely over the line into Hastings Ranch, they still feel like Sierra Madreans and expect to retain their habit of shopping here and following the news of old friends made when they lived on Manzanita.

### Citrus College Faculty Member

## Dr. Ronald Levy Conducts Class On Human Relations

Dr. Ronald Levy of Sierra Madre, nationally known authority on human relations and a member of the Citrus College faculty, will conduct a new evening class in human relations at the Azusa-Glendora college this fall.

The class, on a subject of great contemporary interest, will meet Wednesday evenings from 6:30 to 9:30 p.m., beginning September 14. It will earn three units of college credit in the psychology field.

Registration for this and 164 other fall semester classes at Citrus College is scheduled August 30 and 31, September 1, 6, 7 and 8 in the campus student center from 6 to 8 p.m.

This summer Dr. Levy conducted a national human relations workshop at Texas Western College in El Paso conducted by the National Conference of Christians and Jews, the second annual session he directed there for persons of different racial, religious and ethnic backgrounds.

He has directed similar conclaves at California State College, Los Angeles; University of Colorado, Denver University, New Mexico State University and the University of Wyoming.

Dr. Levy's education and experience represents an unusual combination of the fields of science and philosophy. He has taught both chemistry and philosophy at Citrus College. Since he joined the faculty three years ago.

He received a bachelor's and master's degrees, with a chemistry major, at Johns Hopkins University. His doctoral degree in philosophy is from Columbia University.

A veteran of 19 years in education, he has served as a faculty member and director of curriculum at a number of educational institutions, including Roosevelt College in Chicago.

He resides at 661 Woodland Dr., Sierra Madre, and a member of the Sierra Madre Planning Commission.

### John Zuerlein To Attend Convention

John Thomas Zuerlein, of 683 W. Grand View, will attend the 118th Ekklesia, the biennial convention of Phi Gamma Delta, national men's college fraternity, in Denver, Colorado, August 30-September 3.

He is a member of the class of '67 at the University of Southern California, where he is recording secretary of the undergraduate chapter of Phi Gamma Delta. Over 600 undergraduate delegates, national officers and graduate members of the fraternity are expected to attend the four-day convention, which is being held in the Brown Palace Hotel. Founded in 1848, at Washington and Jefferson College, Penna., Phi Gamma Delta has 88 chapters at leading colleges and universities in the United States and Canada, and a total membership of over 76,000.

## Streets To Be Striped

City streets will receive their annual traffic repainting on Sunday, August 21 and Sunday, August 28. This annual program performed by crews from the Los Angeles County Road Department regularly takes place just prior to the beginning of the school year.

Work is scheduled for Sundays because there is less traffic and vehicle parking then. County contract work includes painting of curb markings, parking stalls, speed control, pedestrian crosswalks, centerlines, etc. on city streets.

Further street news on the Sierra Madre - Mountain Trail intersection will answer questions of interested citizens as to why paving has not been completed there.

Paving was placed the way it now is in order to allow for the future construction of the 1964 County Bond Issue storm drain, which will extend from Rancho Road to Mountain Trail. When these storm drains are completed, the intersection paving will be completed.

This will eliminate the trench paving which would have been required if the intersection had been completely paved during the recent construction, so the slight inconvenience for several months will result in a better finished product which will stand up for years of service.

## TAKE YOUR PROBLEMS TO CHURCH THIS WEEK— millions leave them there!

**SYMBOL OF SAFETY**

You never mistake the meaning of a Church spire.

Even to those who are cold to the ideals for which the Church stands, that finger of faith always points to something that is comforting, reassuring, safe.

The very presence of a Church, whether in a crowded city street or on a quiet country road, is a benediction to all, including those who are not conscious of worship.

Such an influence, with what it means to those who open their hearts to truth, is worthy of a second thought. It merits acceptance as a refuge. It commands confidence as a port in time of storm.

The Church deserves your support — your membership — because it affords real protection for the family whose welfare it is your duty to defend and whose proper upbringing is your solemn obligation.

## News From Your COMMUNITY HOSPITAL

Pamela Ann is the third daughter of Mr. and Mrs. Harlow Payne who lived in Arcadia at 425 E. Norman St. She was delivered on Sunday, August 7 at Sierra Madre Community Hospital — weighing a healthy 10 pounds. Her older sisters are Shelley Marie and Sheri Lyn.

Mr. and Mrs. Thomas Moore, residents of Duarte at 2312 Maynard St., are introducing their new son Mathew, who was delivered at Sierra Madre Community Hospital on Tuesday, August 9. His birth weight was 8 pounds, 3 ounces. At home, waiting to be introduced to their baby brother, are Patrick, Michael, and Melinda.

A patient during the past week in Sierra Madre Community Hospital was Mrs. Lovenia Penland who resides at 46 E. Laurel St., Sierra Madre.

Mrs. Mary Goodfellow, whose home is in Sierra Madre at 41 E. Grand View St., has been admitted as a medical patient to Sierra Madre Community Hospital.

There was skeptical speculation for sure but much joy after all when Mr. and Mrs. Frank LuVisi became the parents of Wendy Ann, their first daughter, on Tuesday, August 9. Delivered at Sierra Madre Community Hospital her birth weight was recorded at 8 pounds, 2 ounces. Mr. and Mrs. LuVisi who live at 13821 E. Roth St., La Puente also have two sons, John Loren and Jeffrey Francis.

Mrs. Donald Dewey of 201 Vista Circle Drive, Sierra Madre spent from Tuesday to Thursday of last week in Sierra Madre Community Hospital.

Robert Goodfellow, the 14-year-old son of Mr. and Mrs. Harold Goodfellow, resi-

dents of Sierra Madre, living at 585 Ramona Ave., was admitted to Sierra Madre Community Hospital during the past week for an appendectomy.

Steven and Linda Adams, living at 181 N. Mountain Trail, Apt. D, Sierra Madre have their second son, born on Thursday, August 11 at Sierra Madre Community Hospital. His birth weight was recorded as 7 pounds 2 ounces. His parents have chosen the name David Herbert for him and his older brother is named Michael Alden.

### Twins Club To Meet Aug. 27

An evening of fun is being anticipated by the members of the Santa Anita Chapter Mothers of Twins Club when they gather at the home of Mr. and Mrs. Robert Beaudet, 3520 Yorkshire, Pasadena, for their annual husband and wife barbecue on Saturday, August 27.

Cocktails and hors d'oeuvres will start the festivities at 6:30, followed by dinner, dancing and swimming.

The party will have an early Roman theme and those attending are being asked to wear an appropriate costume.

Chairman for the event, Mrs. John Harte of Alhambra, is being assisted by Mrs. John Hoffman of Sierra Madre and Mrs. Beaudet.

Mrs. Clark Spoelstra, club president, extends an invitation to parents of twins and triplets in the area to join the fun.

For reservations or other information concerning the club, contact Mrs. Clark Spoelstra at 443-7475, Mrs. Harry Conner at 286-6836 or Mrs. Ryan Berger at 284-0769.

## 'PEPTONE'

By ALICE MANG

It is only after hearing how unreasonable some people can be that we decided to form our own organization — operation B.E.A.T.L.E.S. — or the Bureau of Equality Acknowledging the Lawful Entertainment Standard.

A few weeks ago, John Lennon of the Beatles made a statement that they, more popular than Christ, in this statement he meant that in England so few people attend church regularly (less than 1 per cent), that the Beatles are seen more than the inside of a church.

We feel that these people who are using all their time and energy burning Beatle pictures and destroying Beatle records could be sending packages to Viet Nam or volunteering for work at charity organizations. That is why we have decided to spend our time making up packages and sending them to needy children in the name of the B.E.A.T.L.E.S.

We know the Beatles will appreciate this, for they are a good bunch of lads.

No, we cannot get back all the smashed Beatle records and piece them together, but we can do something useful and helpful.

Learn about some of the marvey groups that have been playing at DeWald's Dance Studio on Las Tunas every Friday night in coming columns.

Mr. DeWald also is in charge of the dance at the Civic in Pasadena every Saturday night. They feature many famous name bands and have the Diaboliques as regulars. If you attend any of these dances you will be sure to have a good time.

A local group that seems to be doing very well for itself is the Niteriders. With two battle of the bands under their belts they could go no place but up. The battle of the bands were held at the Sierra Madre Theater and they won over such other groups as the Risque and the Brotherhood. Unfortunately, these guys are out a drummer and have been for the past couple of weeks. As soon as they get their drummer and get organized, you will be hearing more about them in the column. So be sure to watch for it.

### Airman Grater Selected For Training

Airman Girard W. Grater, son of Mr. and Mrs. George W. Grater of 451 N. Baldwin Ave., Sierra Madre, Calif., has been selected for training at Ft. Benjamin Harrison, Ind., as an Air Force postal specialist.

The airman, a 1960 graduate of Pasadena High School, received his B.S. degree in 1966 from Northern Arizona University. He recently completed basic training at Lackland AFB, Tex.

## You and Your Neighbor

by Mary-Madeleine Lamphier

Achievement of Honolulu as a goal does not necessarily spell instant happiness. Take Carol Parker, daughter of Eloise and Daniel of 368 Mariposa. After graduating from Mt. Alverno couple of years ago she began at PCC but last February decided to work for a while, save her money and see the islands. Week before last, after the airport waiting stint that's become usual, she took off for Hawaii.

Within a week of arrival she was in the hospital, due to a car accident, which spun the car three times, turned it over three times and tossed Carol 40 feet. She barely missed a boulder which could have killed her, was knocked unconscious; the boy driving suffered a broken leg, but managed to lift up the car which pinned him down, get out and search for Carol. Remembering PCC first aid as she came to, she kept him from moving her before the ambulance came. Luckily she wound up with nothing more than a cracked collarbone and a broken thumb, plus bruises, and as the boy's father had been a well-known physician there before his death, she received the best of medical care with all kinds of bone and muscle specialists. Now she is talking about extending her planned month's vacation by taking a job and staying on a while after she tours the outer islands. Her mother, who used to work here at the News, is torn between the exasperated frustration of not being able to be helpful and being called so casually when everything was in order, and the maternal realization that children don't complain except to their own families. Well, she should feel good to have such a cheerful, spunky girl.

Guess a visitor who has returned to Sierra Madre each year for 23 years could almost rate as an old-time resident, don't you think? Anyhow, Frank A. Myers Sr.'s son, Frank Jr., would so rate, for he's lived here longer than his Dad has been coming out from Chicago for his annual vacation. Mr. Myers Sr. will soon complete his 60th year as a railroad man, is now 80 years old. He has 20 grandchildren and 18 great grandchildren. Sally, the daughter of Frank Jr., who is married to Daryl Davidson, is due back from Florence, Italy, where they went on a scholarship awarded her husband — both are artists, live in Colorado Springs. Gretchen, other daughter of Frank Jr., lives in Altadena, is married to Leonard Filas, has three children, Barbara, David and Donald. When Mr. Myers Sr. stopped on the office he had in his pocket a Pennsylvania RR pass dated 1908. One of these days you'll be seeing him on "What's My Line."

Latest report on Lancer, that huge film star dog belonging to trainer Bob Yankie, of 177 Lowell, is that he's been on the set over at Fox studios for the filming of the new "In Like Flint." Wonder what the conversation would be like between dogs if Lancer could meet and converse with the Search and Rescue bloodhounds, recently filmed themselves for TV?

Linda, Ginger and Robert Doughty of 11 N. Hermosa have been visitin their aunt and uncle Mr. and Mrs. Glen Dennee in Saratoga, Calif. Many will remember Mrs. Dennee as the former Olice Vieira, daughter of Mr. and Mrs. James Vieira, 487 Woodland Drive. Ginger came home week or so ago by plane, but Linda and Robert will drive back with the Dennees before school reopens, report that they are having wonderful weather, not at all like the "unusual" heat wave here. (Huh! Unusual. That's what you say, Nelle Vieira, and scores of others. All I know is that this first year has encompassed more broken records ... heat, rainfall, etc., than any self-respecting night-club comedian would dare

## Sierra Madrean Graduates

Albert Lee Westhafer, son of Mr. and Mrs. A. M. Westhafer, 252 Mariposa, Sierra Madre, was graduated from the Northrop Institute of Technology School of Aviation Maintenance.

He was awarded a certificate of completion in the airframe and powerplant curriculum and is now eligible to take the Federal Aviation Agency examinations for the airframe and powerplant certificate.

The Northrop Institute School of Aviation Maintenance operates in conjunction with the College of Engineering — an accredited, four-year institution which specializes in engineering programs oriented to aeronautical, electronic, and space age activities.

## The Story of Robert Owen

our mountains December, 1853, and settled in a shaded glen high in the Arroyo Seco above the land claimed by anyone else. But the loneliness of the canyon and the longing for his family was almost more than he could endure. Each day before sunrise he would hike from his mountain home to do all of the odd jobs he could, often missing meals until he had saved enough to send for his wife and children. Their ambition and pleasant manner won the respect of the mountain folks of that day and soon they became known as "Uncle Bob" and "Aunt Winnie."

The first religious service ever held in Los Angeles

County by colored people was held at their home in 1854.

Robert Owen had managed to obtain a government contract to supply fuel to the United States officers and soldiers stationed at Los Angeles. Soon he was hiring help in cutting the trees and hauling wood to the city. Instead of spending his money foolishly on liquor and gambling as others did, Owen invested it in cheap vacant land on Los Angeles and San Pedro streets, which became highly valuable as the city spread over it, and Owen became the richest colored man known to Los Angeles County.

Robert Owen died well esteemed by white and colored, August 18, 1865. He was buried with the little Bible which had been his companion through life.

## Kickoff Luncheon To Be Sept. 8

The Wilson Junior High School PTA will honor the teachers and administrative staff at a "kickoff" luncheon on Thursday, September 8.

The salad bar luncheon, which will be held in the Wilson cafeteria, is being prepared by the executive board. The theme, the menu and table decorations are a result of many vacation-time hours spent by the hospitality committee under the direction of Mrs. Thomas Volby, third vice president of Wilson PTA.

Plans for the year, which will be outlined briefly by Mrs. Ralph Rule, PTA president, include the membership enrollment in October, an ice cream social following Back-To-School night, and the PTA show which is scheduled for February 24 and 25.

Hugh and Veronica Warden and their family have taken time off from admiring and working on their new home on the boulevard to spend time at their place at San Clemente and enjoy the beach and will get in another week there before the school bash begins. Daughter Christine got in a trip to New York, son Douglas recently had an overnight stay at Big Bear with his buddy Alan Mayer. Veronica of course looks forward to the fall session of the Studio Players and verifies that a writers' workshop is planned, so budding playwrights, watch for news.

READY RESERVIST Private First Class Robert C. McCall of Marine Attack Squadron 241 checks the instrumentation of a T-33 aircraft prior to a training flight. McCall's squadron, VMA-241, is undergoing two weeks of annual active duty training at Marine Corps Air Station, Yuma, Ariz. McCall, a former installer for Farris Fabrications in Sierra Madre, has attended Pasadena City College and resides at 411 Grove St., Sierra Madre.

## An APOTHECARY Weights & Measures

In an Era of CHANGE

Our second speaker, Dr. Max Tishler, president of Merck, Sharp and Dohme (and a brilliant scientist in his own right) stressed the proper reporting by our press and writers on the progress and discovery of new medications — so that you lay folks be not misled or become over-enthused by premature or inaccurate stories.

As with every human endeavor, drug research has areas of weakness, deficits in performance, and the need to improve. We do know that our goals are SCIENTIFIC and MEDICAL, just as we know our standards are PROFESSIONAL, so this fundamental integrity of persons and of purpose must be generally recognized and understood. There are virtually no disease areas that are "out-of-bounds" in present day drug research — the prime question raised — "is there a laboratory methodology, and if not can we develop one?" This is the most accurate way of evaluating the use and usefulness of any new medication under investigation, and although at best it is time consuming, it is the only way to know that "it" will be safe for you or your family when your doctor prescribes the product.

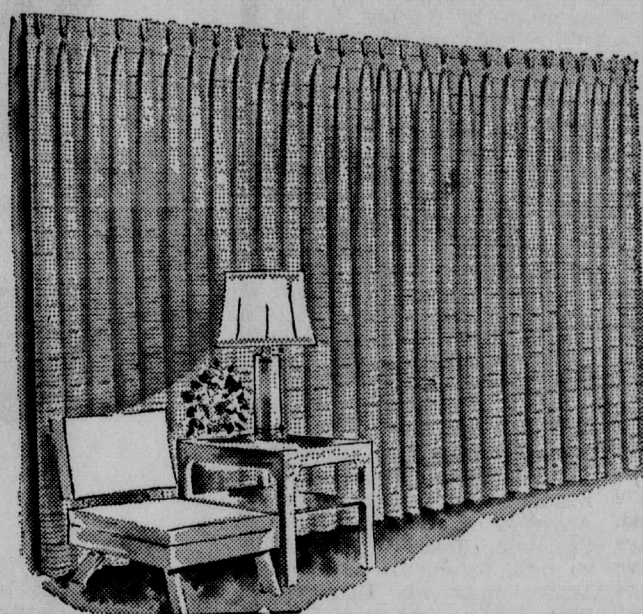

We at Hartmans will do our very best to keep your doctor RELIABLY informed on the new and useful medications as they are developed and released.

# Letters to The Editor Of The News...

Dear Editor:

On or about August 3, we mailed to you a press release regarding the Los Angeles County Property Owners' Tax Strike. We have not seen the edition of your paper that carried the article if you published it, but some paper or papers in your vicinity must have printed and published it according to the hundreds of inquiries from your area. The enclosed inquiry is typical.

We have about 6,000 (three wash tubs full of) requests for information that

have been sent in on post cards or on letters in which a self-addressed stamped envelope was NOT enclosed.

We have the brochures and the manpower available to stuff an unlimited number of self-addressed stamped envelopes with a copy of the enclosed brochure; and would greatly appreciate it if you would get this information to your readers and the people in your area who have asked for it.

We wish to thank you for your kind consideration and a follow-up article in this

matter and consider it a community service to your readers.

EDITORS NOTE—The information was published in the weeks issue of August 11.

—HELENE P. PIERRE  
President of Los Angeles County Property Owners' Tax Strike—Group 5; and Executive Officer of the Association — L. A. Tax Strike

Dear Editor:  
Sergeant Shriver has set 1976 as his target for abolishing poverty in the Uni-

ted States! With this program? With all its shortcomings, abuses, excesses, profiteering, mismanagement?

And there's the President's pledge to "not only reduce but to banish crime . . ." But crime continues to climb. According to an FBI report we had a five-a-minute crime rate in the nation in 1965. There were 2,750,000 serious crimes, a 46 per cent increase over the past 5 years. A burglary every 27 seconds, a stolen car a minute, a rape every 23 minutes. Crime out-paces the nation's population growth by almost 6-to-1. A more recent report reveals that forcible rape increased 22 per cent in a year.

Remember the war we fought to "Make the World Safe for Democracy"? Now after almost a half century was democracy ever in more danger? And the other war . . . "To End All wars" . . . ?

Poverty is cruel, crime deplorable, war horrible. They should not exist in a civilized society. But is any society really civilized? Mixed in with the goodness and greatness of human nature are greed, selfishness and violence. It is a happy thought that after many more years of religious influence and evolutionary development goodness and greatness might prevail, with truly "On Earth Peace, Good Will Toward Men." But for now, with all this effort to "end, ban and abolish" the poor little American Dollars seems to be headed toward "abolition." Or at least it is in danger of being seriously shriveled.

Today our treasury gold stock has sunk to \$13.6 billion, and short-term foreign claims against it have soared to \$29.3 billion. Wonder what would happen if some of these foreign claimants decided to pull their gold out of our treasury.

—LILLIAN B. SAGE

And the beautiful name of Madonna reminds me of a beautiful secret I know. Hidden high in the hills above Sierra Madre there is a statue of the madonna, placed there by a man who swore secrecy, to watch over our Sierra Madre. Since I don't know his name or the location, guess I can be forgiven for mentioning it; it sounds a note of peace and hope for our city after a time of turmoil.

Home . . . From

. . . Hawaiian Trip

PICTURED ABOARD the SS Lurline in Los Angeles Harbor on July 30th, just prior to departing for a leisurely five day voyage to Honolulu, are Mrs. Babetto Kiebert, Miss Kim (right) and Miss Kate (left) Kiebert of 57 Esperanza Ave. in Sierra Madre. Mrs. Kiebert is a TV director.

## PLEASE! Do not give Eaton's Restaurant an award!

(we don't want to spoil our perfect record)

It's nearly time for us not to be awarded something again! And we hope nobody slips up and says our Fried Chicken has just won a prize. Some restaurants become hysterical if they're not on the "best this or that" list. We couldn't be happier the way things are... so long as our customers keep giving us their own special awards everyday. It's called money... and it fits into our cash drawer so much better than a trophy or a plaque.

### EATONS

357-3266

### Introducing Bob Clark, Captain of Fire Dept.

a service station an equal distance away. Clark, doing what comes naturally, is the man who contributes engine upkeep for the department and necessary paint-up work. December will mark his twenty-fifth anniversary as a volunteer.

His enthusiasm for the department goes so far that he'd like to see more businesses in town and more young employed by the merchants now here just so there'd be more and younger volunteers. He insists that you can't make the department just a practical business, despite the increase in paper work and training classes, that you must have heart and fun.

Back in the days when the population was 2500 instead of over 12,000 they apparently had a lot of fun and Bob hints at some great old parties held at the Trail Inn which used to be at Alegria and Mountain Trail. Checking further with his wife Elissa on the fun times of yore indicates a separate story on the role of wives and good times will be in order.

Certainly Mrs. Clark is one of those wives who have much involved in department activity. She remembers when she and Bob were just engaged and she scarcely had a chance to flash her ring, received at Christmas time, 1953, when

Bobby was off and gone for three days in the big Monrovia fire.

She remembers how Dr. Peterson gave the men medical aid to keep going without sleep in their outfit fight, and how private vehicles were commandeered and designated fire fighters by the addition of red cellophane and foil, with streets blocked off and television cameras obstructing traffic. Sounds like we do have it soft these days and perhaps it's true that the town has come to take the dedication of the volunteers a bit for granted just because they've been doing such an efficient job of both fighting and preventing fire.

Mrs. Clark is active with St. Rita's Guild and bringing up the two Clark daughters' Mariannell, and Peggy 8, who are Girl Scouts. Having no sons, maybe his girls will someday enlist young husbands into the town's fire service.

Meanwhile, Bobbie stays with it and continues to hang on to his Christmas specialty of being the "nut man" who sees to it that each stocking given away has its proper share of nuts.

Seems each man has a job all his own for the Christmas doings, just as each is responsible for particular work at the fire station and in the actual battling of flames.

## You and Your Neighbors

by Mary-Madeleine Lamphier

At long last Yvonne Osti has taken off for Hawaii for the visit to Bob's sister Louise, accompanied by Cheryl and Robert, Jr., better known as "Butch." The airlines even sent a special plane down from San Francisco to L.A. to pick up passengers. We knew she'd make it, strikes or not.

Bob Stane of The Ice House must have fun in his job of promoting the delightfully cool folk music at the delightfully informal theater-restaurant rendezvous (plural) in Pasadena and Glendale. Straight forward classic unabashed press agency is refreshing in these days of oversubtlety. For the rest of this month, every Tuesday, Wednesday, and Thursday the teen-age elephant Bimbo Jr., from the DeWayne Bros. circus, will be on hand in the alley leading to the Pasadena Ice House to give partons-only a ride for free. Since Mr. Stane recommends suitable garb, like not dresses and skirts, the audience should be extra informal during these last carefree days before school and stiff schedules begin.

A familiar figure walking her dachshund along Sierra Madre street has been missing the last few days. Mrs. Baldwin, known to friends as Gracie, slipped and fell Thursday week ago while walking the dog and broke her arm, is now in Arcadia Methodist Hospital and can talk on the phone, so call.

Three sisters were waiting to greet the first boy in the family when Mr. and Mrs. W. G. Furst of 435 N. Adams brought home William Godd Furst Jr., from Huntington Hospital where he was born August 3 with a husky weight of 8 lb. 11 ozs. His sisters are Deborah Lynn, 8, Cynthia Hamilton, 6 and Kathryn Conway, 3. Mrs. Furst's mother, Mrs. Elizabeth Moriarty lives in Arcadia and Mr. Furst's father in San Marino, so baby Bill has already been getting an extra share of attention.

If the Severin Sorensens have not been able to get away this summer because of the pressure of City Council business, at least they have been happy armchair travellers because daughter Marie has been in Mexico City to visit oldest daughter Dorothy, married to Joel Ferry and a resident there for 20 years. From Marie

they really have learned more about Mexico than all they've ever read about it. Dorothy has five children: Maxine, Joady, Linda, John and Cindy. With Maxine home on vacation from Mt. Holyoke Marie's visit was particularly timely. In Mexico school vacation runs from November 1 to February 1 so the children have sometimes come up here for some U.S. schooling; Maxine attended both Wilson and Ascension for awhile. Sorensen daughter Dina has been working over at the Wistaria bakery during her vacation, will soon return to Dixie College in Utah for her second year, still considering nursing as her major but getting interested in phys. ed. Mrs. Sorensen hopes to spirit her husband away for a week in San Luis Obispo at the end of September (to recover from budget struggles as Councilman) and has fine dreams of a longer trip in eastern Canada, Michigan and Ohio, but will settle for sorties to visit Dina in Utah.

Picnic feast was offered to the birds and squirrels around Horse Flats this week for the four days of sun and loll enjoyed there by Earl Knoles and wife Tessa who were telephone escapees from all the work Earl does as Worshipful Master of the Masonic Lodge here.

The Sam Simpson are spending their week's vacation at Eureka, San Francisco and points north. They took their daughter Phyllis with them and her friend Vicky Betts, daughter of a member of Sierra Madre's "finest."

Also recent visitors up San Francisco way were Mr. and Mrs. Ron Griffin.

Harry Jackson, husband of Toy Loan Irene is back home after six days in Huntington with a childhood malady which won him such condolence gifts as a toy windmill filled with candy, etc. However he did deserve and got some sympathy, and friends and family are glad he's out again.

The Jim Abernethy's celebrated a wedding anniversary last Saturday with a beach trip and dinner out, and thoughtful gifts from their children — we know because one son came and bought a whole batch of memo pads as his offering!

## Villa Views by Toni

Will Young blew the conch shell and Joe Kuanani ran in his "Malo" to light the

torches for the evening party.

Mr. and Mrs. R. B. English and their two sons David and Larry, from the Kinneloa area are home again after a five week Eastern trip.

They flew from here to Washington, D.C., where they ran for three straight days — sightseeing. Their next stop was a three day tour of New York City. They rested in Chatham on the Cape for a week before touring the New England states. They got as far north as Arcadia National Park.

They went on up into Montreal for three days and then on to Toronto where they even braved the falls. From there they took a train to Banff and then on to Victoria. The hardest part of their trip was trying to juggle airline tickets in order to get home.

Talked to Mrs. Art Brearley of Barhite to get news of David. You remember David had a column in this fine newspaper some years back when he was still in high school. Now he is a man with four years of college at Cal State to his credit. During college he was in the Naval Reserve and now, as of St. Patrick's day, is on the active roster.

He is presently in Norfolk, Virginia, waiting for his ship the USS Noxubee to come into port. He is a personnel seaman, and his future home port will be Pearl Harbor. Janet is hoping he will be able to stop briefly in October enroute to his base.

"Let's Talk Dry Cleaning"

... by Joseph Delgatto Sr. ...

The bells are ringing — school bells, that is. The long summer vacation lies behind and once again it's the time of year when all of us who drive should start taking a little extra care when driving near a school zone.

For the average Mom getting ready for school days is a hectic period. It means getting slacks and skirts, sweaters and blouses, packets and coats all ready for wearing. We can take a lot of strain out of these preparations. Just send us that junior wardrobe now and we'll have it back to you, clean and fresh and smart looking, in time for school day wear.

As every parent knows, children aren't exactly easy on clothes. Scuffles and squabbles, games and accidents take their toll. Spilled ink and paints and many other hazards put spots before your eyes. Lost buttons and little tears in the fabric and grass stains from an impromptu football game — all these are part of the normal pattern.

Well, that's where we come in. Repairing and cleaning, removing spots and stains, restoring crispness and freshness to school-age wardrobes is part of our business.

Blankets special — \$1.00 — last week.

## "GAS AIR CONDITIONING? IT'S REFRESHING!"

"But how do you get the dog out for a walk?"

Everyone likes it better inside with gas air conditioning. There's just nothing more refreshing — unless perhaps it's the idea of saving money.

The initial cost of gas air conditioning units has gone down an average of 20% in the last five years, and it's an expenditure that adds greatly to the long term value of your home. If you have forced air heating, you may be able to save by using the same ductwork for cooling.

With a bare minimum of moving parts, a simple gas air conditioning unit lasts twice as long as more complicated air conditioning equipment. That means big savings on repairs and maintenance.

As a fuel, gas is most economical and there is a special low rate with savings up to 25% on gas used for air conditioning May through October.

Nothing takes the heat off you better or more economically than gas air conditioning. For more information, write for "The Quiet Facts" from The Gas Company.

SOUTHERN COUNTIES GAS COMPANY

"And be ye kind one to another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you."  
— Ephesians 4:32

## Editorially Speaking

### The End Is Near!

Democratic members of the U.S. Senate and House of Representatives facing election this fall are, as of this date, in for real trouble at the polls unless running in heavy Democratic districts.

The political trouble confronting the Democrats to a large extent is President Lyndon Baines Johnson, the man who brought so many Democrats to Washington with him in his sweeping 1964 victory over former Senator Barry Goldwater.

To a large extent the issues bringing about public distrust of President Johnson and his Democratic Party are economic rather than Vietnam. Many people complain of the credibility gap between what is happening in Vietnam and what the Administration says, but by and large people indicate they support the hard line Johnson has adopted in Vietnam. Those opposing the President's hard line, ironically for the President in a sensitive political year, are members of the Democratic Party by and large.

It is on the home front, however, that political experts sense the Democrats are in for real trouble. Prices are climbing too fast for families already straining to make budget ends meet.

Wages go up, prices go up and the average person is caught in the middle of the inflationary spiral.

Unions fighting to grab a bigger slice of the economic pie for members seeking higher incomes have shattered the so-called Johnson wage increase guideline beyond recognition. The demands are quite apt to get stronger — and the strikes harder — before the year is out.

Also on the home front is the critical problem of civil disobedience. The black power chanters, the Molotov cocktail tossers aren't at the root of the country's threatening revolution. These people are simply the firebrands who have seized on a deep and disturbing problem of social equality initially inflamed by politicians promising the moon and not delivering. Social unrest is not met alone by a parade of laws but by economic advancement, realistic leaders know — and this becomes harder as the underprivileged are led to believe each succeeding law is the millennium, only to discover it is just another page in the book.

Rightly or wrongly these are the basic national issues being laid at the door of President Johnson and the Democratic Party, many observers are convinced. If true, there will be quite a reshuffle in Washington after November.

★ ★ ★ ★

### Costs vs. Savings

Rightly or wrongly, Defense Secretary Robert S. McNamara has been widely credited — or perhaps debited is the word — with having fed the data into the computer that produced the Edsel.

According to his critics, the Secretary is still feeding the same "new math" equations into the computers at the Pentagon. The Defense Department, McNamara recently told Congress, has saved \$4.5 billion this year. But there are many unkind detractors, both in Congress and the Pentagon, who insist it just isn't so.

Some of the questions that have raised the critics' hackles:

When the Defense Department closes down a military base, there is an annual saving of, say, \$10 million dollars in operating costs. But how long do you keep recording the saving? Under the McNamara arithmetic, apparently you keep repeating it year after year, without end.

If the Department puts out a contract for competitive bidding, the Defense Secretary figures that the low bid averaged a 25 per cent saving. So the total dollar equivalent of a 25 per cent saving on all bid contracts is included in the yearly "savings." But when a contract was awarded to the highest bidder, the Department claimed this was an "incentive" contract, and claimed a 10 per cent saving on the high bid. (New Math parents will tell you this apparent inconsistency has something to do with "sets.")

Then if the Department decides not to buy something, the cost of what it didn't buy is listed as a saving — just as one's wife saves one \$2000 by deciding not to buy a new fur piece.

All this leads to irrelevant wise cracks at McNamara's expense. One, quoted by Frederick Taylor in the Wall Street Journal goes this way: McNamara's son came home one day and told his dad he saved 25 cents; instead of riding home on the bus, he kept the quarter and ran alongside it. "Great," McNamara is said to have replied. "Tomorrow save \$1.25. Run home alongside a taxi."

And on the Pentagon's press 'room bulletin board recently, there appeared a new release, typed on a Defense Department form, announcing that the War and Navy Departments have saved nearly \$20 million by deciding against fortifying the island of Guam. The decision was made, it was announced, because "such a fortified base would be of use only in case of a war in the Pacific, which is unlikely."

The news release was dated July 2, 1940. We are seeing reflections of this type of savings in our own small local government. City Administrator Bevington threw on the table the requests of the department heads in an unbalanced budget.

The budget now being in balance, some councilmen would like to claim that they instituted a savings of over \$100,000; we fail to see any savings at all. As Attorney Eaton would say: "It actually cost us around \$60,000 more to run our city this coming year than it did last, and when you add to this the additional revenue received by the city, other than taxes, and the figure of "costing us" rather than saving us is about \$100,000 more."

### Sierra Madre News

Published every Thursday at 8 Korsting Court, Sierra Madre, California, Los Angeles County, Post Office Box 37, Telephone EL 5-324 or 5-325.  
The Sierra Madre News, Official Newspaper of the City of Sierra Madre, is declared a Newspaper of General Circulation for the publication of legal notices, as defined by Section 4460 of the Political Code of the State of California, in the Superior Court of Los Angeles County August 19, 1938. Adjudication Decree Number, 404,764.  
A First Class Newspaper entered as Second Class Matter at Sierra Madre Post Office October 2, 1906, under Act of Congress of March 3rd, 1879.

R. Robert Evans } Editors and Publishers  
Peggy L. Evans }

NOTE—The opinions expressed in credited columns of the Sierra Madre News are those of the writers and do not necessarily represent those of the News.  
Letters addressed to the editor of the News are welcome, however, they must be signed with correct name of the writer. The writer's name will be withheld if requested. Individuals may feel free to express their ideas insofar as they remain within the bounds of propriety, however, letters attacking individuals or personalities will not be published.  
Subscription Rates: In Los Angeles County — \$5.00 per year. Elsewhere in the United States \$5.50 per year. Foreign Countries, Air Mail, Second Class, priced upon application. 50 cents per single copy.

## OUT OF THE COBWEBS

Five Years Ago:  
August 17, 1961

Postmaster Charles E. Louk is one of the honor guests at the meeting of the Los Angeles Postmasters Association.

The Sierra Madre Rose Float Association gets under way this year with the first meeting to be held at the home of Mr. and Mrs. Vern A. Foster.

"Helena," pet skunk of Mr. and Mrs. Shannon M. Marshall is reported missing and a reward is offered for her return.

David Kirkpatrick returns from a fishing trip to Canada with his brothers-in-law and his nephew. He brought back the limit of 36 rainbow trout.

Ruth Thurber has an exhibit of California desert paintings in the lobby of the Pasadena Home Savings and Loan.

Twenty Years Ago:  
August 22, 1946

The Sierra Madre City Council votes unanimously to allocate \$1,500 for the Recreation Commission which was not provided for in the city budget as it was set up the previous week.

Mr. and Mrs. Jim Heasley and family leave for a two week vacation trip through Northern California, Nevada, Idaho, and Oregon.

Mrs. Florence Peterson, executive secretary of the Sierra Madre Red Cross Chapter announces that its volunteer workers have been honored with a certificate in appreciation of the hospital supplies which they made for the British people during the war.

Miss Moore, librarian at the Public Library for the past 20 years leaves on vacation to Kansas City and Oklahoma City to visit relatives and friends.

Mr. and Mrs. Arthur Morse of San Gabriel Ct. return after a week vacation at Balboa.

Miss Esther Fisher of San Francisco is vacationing with her sister Mrs. Ella Nourse.

Thirty Years Ago:  
August 21, 1936

The young folks eagerly anticipate their trip to Big Pine where the Congregational Young People's Conference will be in session for a week. Among those who are going are Miss Mariann Dailey, Miss Genelle Paschall, Miss Frances Olds, Miss Cynthia Hull, Miss Marjorie Ashmore, Miss Dorothy Walsworth, and Miss Buddy Walsworth.

Mr. and Mrs. Hall Perry and Weston Senour return from a ten day trip to Bass Lake Camp and Yosemite.

A birthday-dinner party was held at the Askev home in honor of the head of the household, Charles Askev.

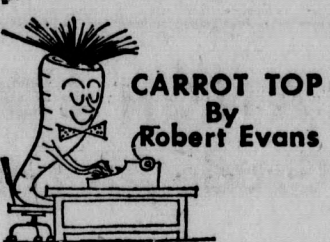

The Sierra Madre News is adjudicated a legal newspaper of general circulation.

authorized to carry any and every legal publication of any and every kind.

Fifty Years Ago:  
August 18, 1916

Rudolph Hartman receives a certificate from the board of pharmacy commissioners making him a full fledged pharmacist. He reports that his first sale after receiving his certificate was some strychnine.

Mr. and Mrs. T. H. Flather, Miss Verda Appleby, and Mr. Wade Brunson return from a two week tour of Yosemite.

We have not had a population sign change at our city limits for almost six years, so these signs could be bought so you could insert the population figure as it increases... Nice thought, don't you think?

— CT —

And then there was the Scotsman who bought a nickel's worth of peppermint drops and took his bride for a honeymoon ride on a bus. When they got off the bus he said... "Honey, suppose we save the rest of the candy for the children." ... Well, well, well, there's a true conservative for you.

— CT —

You know, speaking about conservatives, I used to have a terrible temper, but have become very conservative in the past ten years.

— CT —

I remember one evening during the first weeks of our married life together when I came home very hungry, only to find burned food on the table. As mad as could be, I threw my plate out of the window.

— CT —

Wife Peggy hesitated for only a fraction of a second and then she grabbed up the serving dishes, knives, forks, spoons, cups and saucers and threw them all out of the window...

— CT —

Then she propped her hands on her hips and declared: "... It's all right with me; ... only next time you should tell me ahead of time if you want to eat in the yard" ... Since that time I have been more than cooperative.

— CT —

It's now time to close out this column and get to more serious and worthwhile work, but in going I will leave you with this thought: "When the four Biblical horsemen symbolizing Conquest, War, Famine and Death, ride and catastrophe strikes, the worst and the best traits of man come to the surface."

— CT —

Fortunately, the good outweighs the bad, which may explain why the human race survives in spite of its shortcomings, I hope, I hope, I hope.

## FREEDOM AT ANY PRICE

by  
DR. HENRY V. WITTY

Management of this newspaper is not capable of answering questions to this column; however letters to the editor will be published, and answers forthcoming from the writer. Articles are of the writer's opinion and do not necessarily reflect the policy of this newspaper.

"After a time those who had known the meaning of democracy lay dead of years or had been slain. The younger Romans possessed no understanding of that which had been taken from them. The manner in which they now lived, being known and familiar, was not abhorrent in their eyes. In truth, seeing that it was easier than the tollsome path of liberty, they regarded it with praise, and having no desire for self government, were content with any ruler who would give them a dose."—Amon. Balboa is beautiful!

## Villa Views

By  
Toni Maurin

SYcamore 7-9634

The only thing I am going to say about the weather is that if this is what it's going to be like in the hereafter I AM GOING TO BE GOOD!

There is one subject on which I would like to dwell for a moment for all those that are still planning vacations either here or abroad. After talking to a couple of people that have been on trips and had their rooms robbed while they were sleeping I'd like to remind you that one form of travelers check or another is the wise way to carry your currency. It is absolutely the only way you can guarantee our funds and if lost or stolen it is replaced immediately.

If perchance in your travels you do have the misfortune of being robbed take this valuable advice given by the police department. If your home or room is robbed, if you are not asleep, pretend that you are and you will undoubtedly save your life. Most robbers are not murderers unless they are caught in the act.

That ought to make you feel pretty good about taking a trip. Have a wonderful time.

And speaking of trips — Cathy Crawford, daughter of the Tom Crawfords of Sierra Madre Villa, has returned home from a fabulous six week vacation spent on the island of Kauai. She was the houseguest of the Bob Packards and their daughter Judy, who previously lived in Pasadena. They moved to Kauai two years ago and have a beautiful home at Waialua.

Cathy had a "pure blast," swimming, surfing, hunting musical shells, and diving for coral at Larsen Beach, a beautiful private Hawaiian Beach which is quiet and

unspoiled by the tourists. She went down "Slippery Slide," a natural water slide, into a fresh water pool where the Hawaiians send down a guava leaf test water currents before sliding. If the leaf floats to the left side you can not go down the slide because the underwater currents will suck you into a cave. If the leaf floats to the right side or straight out it is safe to go down the slide.

As Judy Packard belongs to the 4H Club and has a project horse named "Thunder," many hours were spent with the "horsey set" preparing for shows and rodeos. Judy won several ribbons in the "Equitation." The Crawfords in Cathy's absence and upon her return have been busy as can be.

They had as houseguests Mrs. Crawford's sister, Lillian Quick with her children, Glenn and Margaret, who have been visiting for the past three weeks from Camas, Washington.

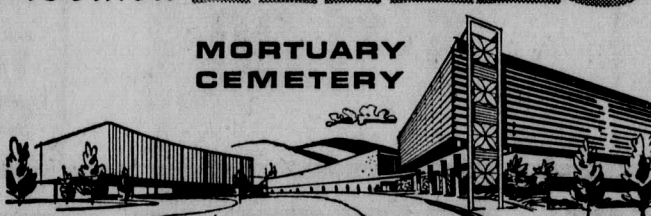

In honor of Cathy's return, visiting relatives, and birthdays, the Crawfords entertained with a "Mainland Luau" and swim party.

Those present besides the hosts and the Quicks were Carol and Jack Thompson with Jeff and Leslie, Chris and Kenny Bannister with Lori and Julie, Bill and Phyllis Packard, Connie and Larry Packard with Candy and Stevie, Mrs. Laura Bugg, Mrs. Edward Sandstrom, Mrs. I. A. Crawford, Bob Crawford and Eleanor Lee, Margaret and Robert Alan and Andy Armstrong; Nils Sandstrom and Joe Kauanui and Wil Young, Hawaiian friends of the group who are presently living and working in Pasadena.
